Annapolis, Mil. Oct. 4—Navy smothered the football eleven of North Carolina State College under a score of 42 to 6 in the opening game of the season here today. old Sea Captain Cured His Own Rupture After Doctors Said "Operate or Death."

His Remedy and Book Sent Free. Captain Collings salled the seas for many years; then he susteined a bad double rupture that soon forced him to not only remain ashore, but kept him bedridden for years. He tried doctor after doctor and truss after truss. No results! Finally, he was assured that he must either submit to a dangerous and abhorrent operation or die. He did seither! He cured himself instead.

Captain Collings made a study of himself, of his condition—and at last he was rewarded by the inding of the method that so quickly made him a well, strong, vigorous and happy man.

Anyone can use the same method; it's single, easy, safe and inexpensive, Every ruptured person in the world should have the Captain Collings book, telling all about how he cured himself, and how anyone may follow the same treatment in their own home without any trouble. The book and medicine are FREE. They will be sent prepaid to any rupture sufferer who will fill out the below coupon. But send it right away—now—before you put down this paper.

Boosts Jimmy Wilde

Over in England a new description of Jimmy Wilde, the wonderfully clever flyweight champion, is going the rounds of the newspapers.

It seems that Pedler Palmer, himself a battler of no meager science, was met by a boxing writer after an exhibition bout between Wilde and another London favorite.

"Pedler, what do you think of Wilde!" asked the writer.

"A bloomin' glost with a 'ammer in 'is 'and," was Pedler's prompt response.

"Nerving" Destroys Animals.

The operation known as "nerving" destroys all feeling in the afflicted member, and it has been frequently resorted to in the past on some of our very best horses. Hanover, one of the greatest thoroughbreds of his day, was so treated when his usefulness on the track became impaired through chronic lameness which baffled veterinar skill. He won many races afterward for the Dwyer brothers, but his career in the Buyer brothers, but his career in the stud was cut short as a result of the treatment, the dead foot becoming so diseased that Colonel Milton Young of the McGrathiana Farm, for whom the horse earned a fortune, was compelled to have him destroyed.

Hanover is Notable Example.

Numerous other cases of a similar nature might be cited; but that of Hanover, a horse which has done more for the thoroughbred in America than for the thoroughbred in America the thoroughbred in America than for the th

Wrestlers of the country may be interested in the recent announcement that Stanishus Zhyszko, the older brother of the wrestling family and one with an intimate knowledge of the game, is about to return to his country after five years of war work. Zbyszko hopes to tour America in the interest of Poland and wants his old manager, Jack Herman, to arrange a series of contests, the receipts of which will go to the Polish fund.

It will be a distinct novelty to have a wrestler of the ability of the elder Zbyszko back on the mat and wrestling for some good cause, The younger Zbyszko may join hands with his brother and challenge all comers. It will be a brother act that may upset anything tout the rivals can put up.
